賢者の弟子を名乗る賢者

She professed herself pupil of the wise man.

Summon 12 暗丞の間

Lyrica....

暗丞の鏡が映す、絆の語物

I'm back!

Welcome back!

Thanks...

You're up again ?

Well I can't just lie down all day while you're out working

Don't worry about that! I'll work hard for the both of us!

After losing our parents, we siblings stayed together in the the house we inherited

Do you think that it's getting closer to the taste that mom used to make ?

Yea!

You're gradually getting better at cooking I assure you!

I think I outdid myself this time

Whoa...! So Delicious!

Ok

Ill buy a lot of ingredients on my way back so look forward to it!

My next job will be incredible! I'll be working with the leading guild Ecarart Carillon!

And apparently the rewards will be huge this time

Cough

Lyrica!!

Cough

What should I do...

Cought

Back then my job was a lockpicker due to having very dexterous hands

Ok I understand

Ok....

I would like to eat some rice, I have an apetite so it's alright

A dangerous job where one can trigger traps that release poison or explode, a job where you can die at any moment. Coming back alive everyday in of itself was a blessing

But being a weak kid with with a sick sister, this was the only way I knew that would allow me to survive in this world

A job where you unlock doors and treasure chests in dungeons

Learning the basics of the craft in the city then putting them to use in dungeons

Since I don't carry a weapon it might seem like an easy job but the infact this job was....

Ofcourse I'll worry!

Hehe

Stay in bed

Yes yes don't worry

Ok

I'll leave the rice on the table

Lyrica?!!
Lyrica?!!
you....!

I'm
off

헐...

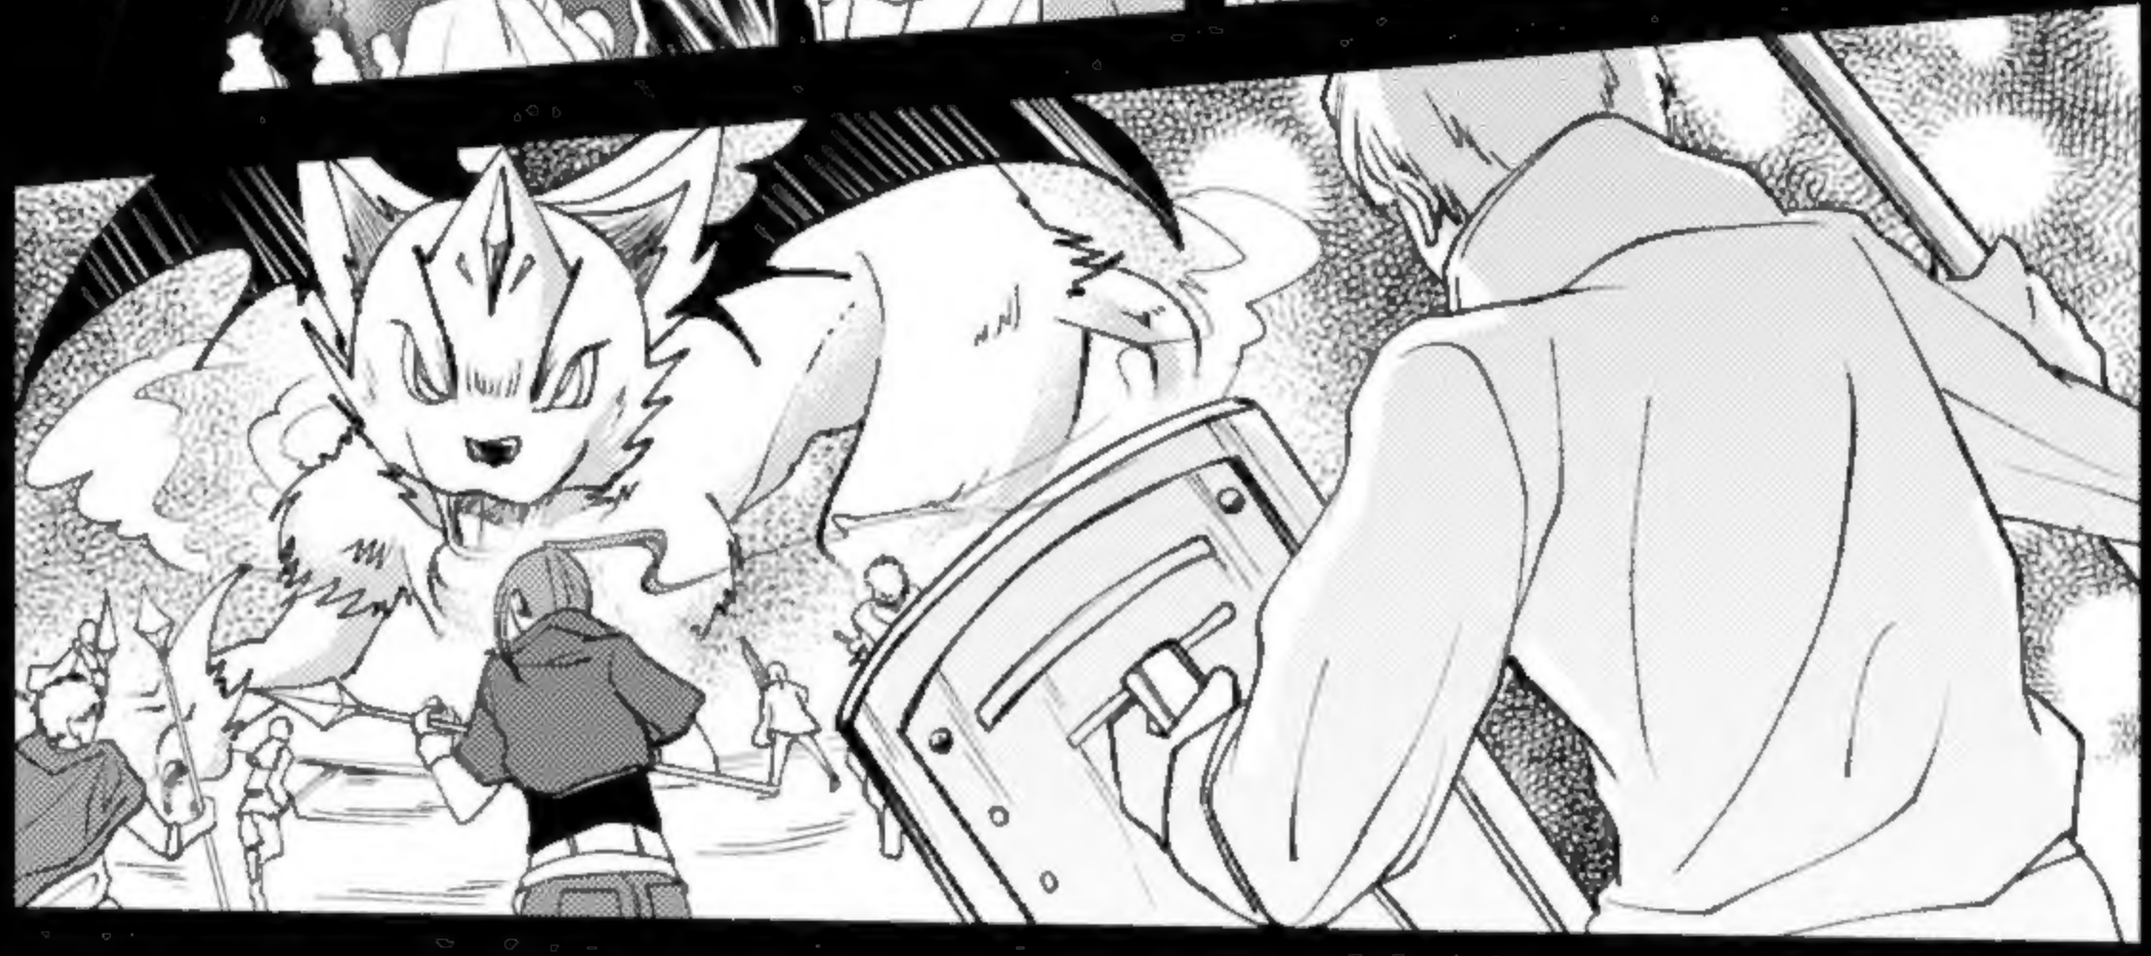
헉...

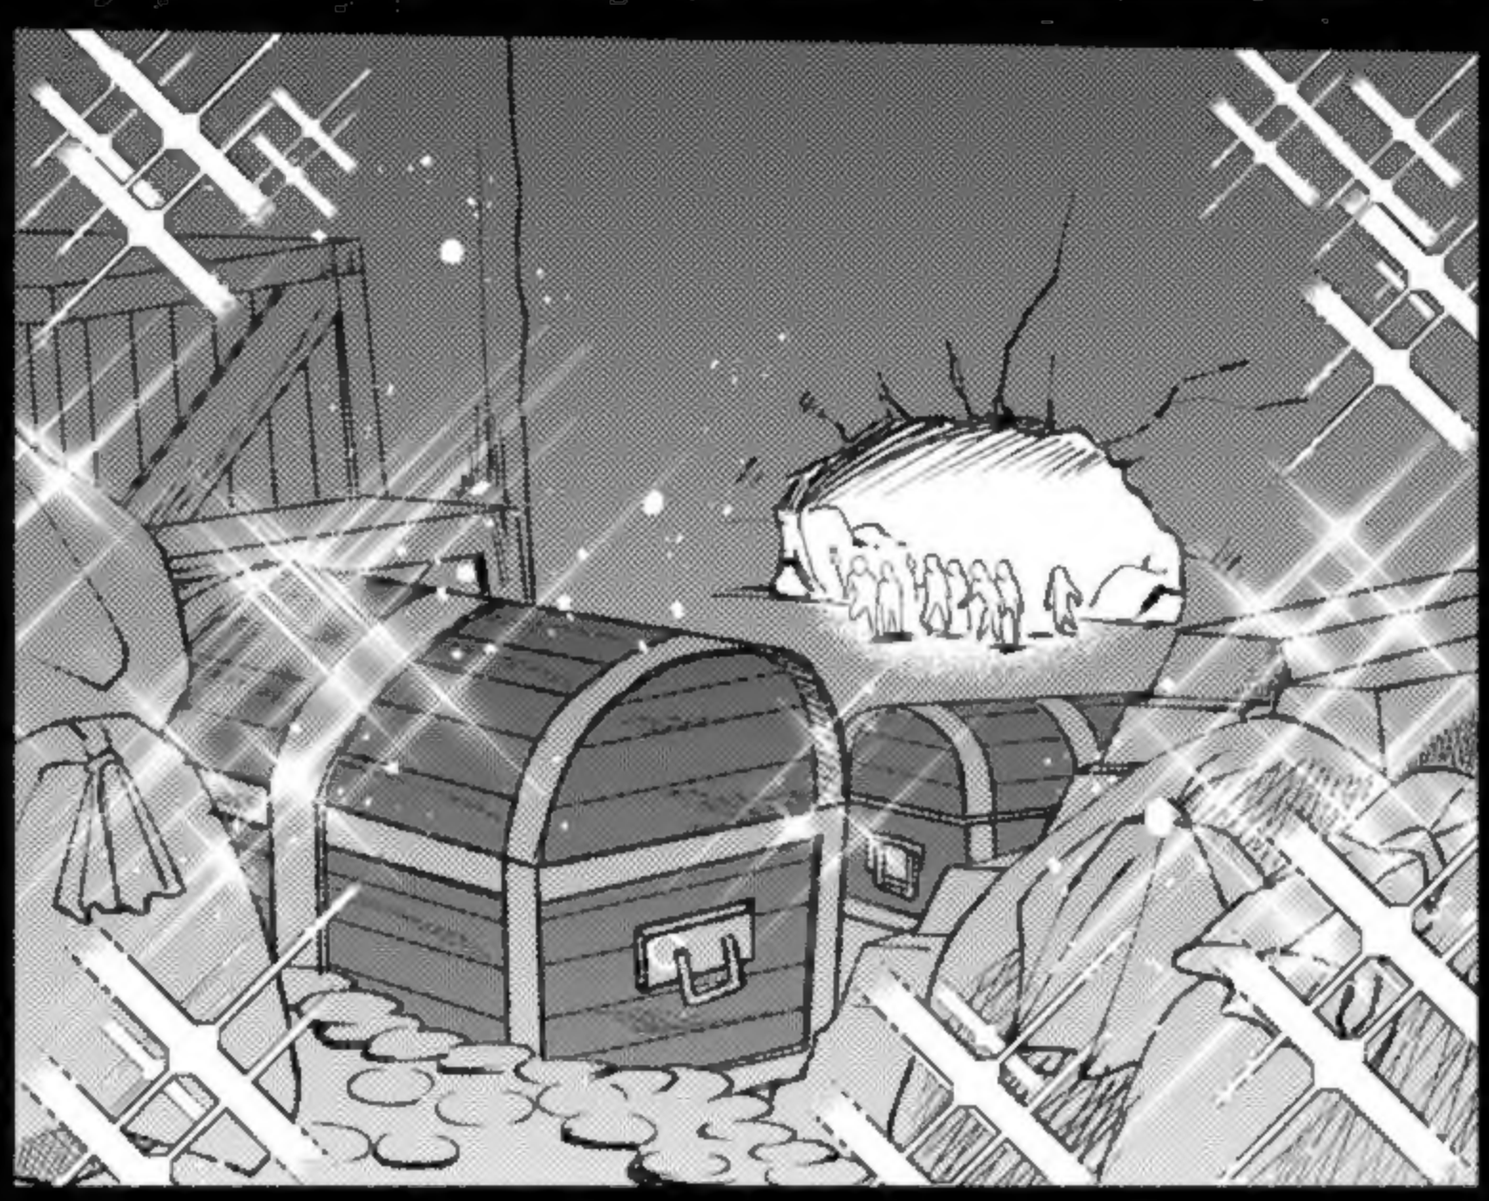
H..ave
a.....sa..fe..
tr...ip

I'll....

B...e fine...

I'll
be looking
forward
to the
souvenirs
you'll
bring





How about we go to celebrate after this?

I would like to talk about the next job as welll

As expected from the number one guild! Getting so many materials and treasures

Yo

Ah hi!

You're....

I'm Azval. If only you were a bit older, there would be more suitable work for you

Your guild must be heartless to let a child like you do a dangerous job like this

Can I hear your reason?

You have a reason..

This job is the most rewarding

Is it ok not to go to the after party?

You get a lot of opportunities to go to parties when you do missions anyway

Which way is your home

You need to go through the forest then cross the brdige

ドゥッ ドゥッ

She doesn't have long

The medicine i got from the leader should cure most illnesses that aren't monster related

But from what I heard about this kid's sister's symptoms....

Look

The house

Usually the light is always on!

Lyrica!!!!!!!!
Lyrica!!!!!!

The house...
The light is..
Off.....

Big brother

If only I was a bit wiser a bit earlier..

Lyrica... Lyrica I..

I.....

If only I had come back just a bit earlier.....

Big brother!!!!

I died due to my illness. Also it's not your apologies that i want to hear

It's not your fault

Yes!!!

Thank you!

For you who supported me with all your might..

Is what I wanted to tell you

Lyrica...
I...
I.....

.....

because
I passed
away without
getting the
chance to
tell you

....
You might have grown in height but you're still the same from back then

Azval....

!?

Is this what you wanted to show her?

Her dejected Big brother ?

You just got the chance to see her again

You're right....

Those guild members are now my friends

This is the guild that I mentioned that day

Lyrica! Let me introduce you

I became an incredible rogue!

And I no longer just open locks. I can scout and investigate plus I can fight enemies and knock them down with with my knife

He was always hiding his grief and regret for not being able to save his sister, so I took him to the guild that day

An escort mission to the mirror of Anjo? Quite the unusual mission

Huh?! Why would you want to take me? There is no treasure chests on the path to the mirror of Anjo

Me and Zeff are free

There is a troubled child in need, is anyone free?

Eh? what?

That's a secret

But there is treasure!

It was the right choice to bring him here

I'm glad to see that you have not changed

You grew up to be a wonderful adult while staying the same big brother that I love

Yea thanks big brother

Ofcourse! I will continue to be someone that you can be proud of!

It was nice seeing you again

Ofcourse I'll survive long enough to prepare alot of souvenirs for you

Don't come to see me again until you're an old man

Farewell my beloved big brother

You too Lyrica! I love you!

It's unfair that only Asval knew!

If there is someone infront of us that needs help we extend our hands

Now now

even though I'm the subleader I know nothing about our members' worries, this is shocking

Men! Seriously!

It's not something I could talk about with everyone

That's our guild Ecarart Carillon right?

Indeed....

I love cliché stuff like that! It brings a smile to my face

なによぉ
もぉ

Hmm? Nothing

What are you laughing about Mira?

What's that supposed to mean!

Heh

While Zeff was having an emotional conversation I was thinking

Now then We have confirmed that the mirror works

!?

What if Tact's parents aren't actually dead

It's not like they actually confirmed that they died

Ah right... The fact that people who go missing for 5 years are reported as dead began all of this

But.. but the adventurer from the guild said...

The mirror that shows the dead will not show living people

Right?

If they are alive then you will definitely meet them

Tl: Formerly had the father's name as Ashuri

My father is Ashley and my mother is Lene

Ok..
Ok!

Can you tell us the names of your parents? It's possible that we get clues about their location during one of our adventures after all

You should smile!

You parents would be happier that way

Just the fact that they are alive should give you hope. A child shouldn't despair

yes!
Thank you!

Eh, Your business was on the 6th floor?

Can I leave returning Tact home to you ?

I have some business to take care of on the 6th floor

Although it was a failure in my case

聖水じゃ

ハワードよ ほーれ

Alright we did what we came for

But the 6th floor contains nothing but a castle?

Having business in a place with no treasure nor monsters..

Oh my Mira is so mysterious!

Stop!

The one who showed us immense power is heading to an empty floor, I can't help what wonder for what reason

This time I agree with Flicker

うぉっ

Curious!!!

We are very curious!

キラン

Since I don't know what lies ahead I want you to return but.....

わくわく。

So can we tag along?

この先の6層に何が待つのか

Alright!

Well whatever suit yourselves

To be continued
